Walter Porowski, Kentucky 502-351-1912

1944 was 17 years old OR BORN IN 1927±
Came from Poland

- "SKI" SIGNIFIES NOBILITY LIKE "VAN" IN GERMAN

~~LOTS OF~~ IN EARLY 1800'S WHEN LANDS WERE DIVIDED MANY PEOPLE WITH LAND ADDED "SKI" AS AN INDICATION OF IMPORTANCE OR NOBELITY

- "POROWSKI" HAS NO REAL MEANING NOW

- WALTER VISITED MY DAD & ANNE ABOUT 15 YEARS AGO. THERE SEEMS TO BE NO CONNECTION BETWEEN THE FAMILIES

- WALTER SAYS MY DAD KNEW VERY LITTLE ABOUT OUR FAMILY BECAUSE HIS DAD, MY GRANDFATHER, ~~SELDOM~~ DID NOT SPEAK OF THE PAST.

Bob Dimmett was born in Sterling, IL, to Welborn and Lois Dimmett. He has a brother, Welborn, who survives him and they were raised in Forest Park, IL. After his regular schooling, Bob originally chose enginneering as a career. He later changed to Business and graduated from Northwestern University Kellogg School of Business.

As a young man, Bob loved to dance and was at one time a dance instructor. He met Helen and they were married in Chicago at Holy Name Cathedral. They were more than husband and wife. They were friends, constant companions who were present at events, meetings and gatherings, especially in the Polish-American community.

Bob felt at home in Polonia, whether it was at the Chicago Society, the Copernicus Foundation, the Polish Arts Club or most recently in October of last year at the events of Polish Heritage month on which he worked so dilligently. Wherever Bob went, he enjoyed each event to its fullest. He genuinely greeted everyone with a kind, uplifting word, a handshake or a hug. He truly enjoyed the comaradery that comes with joyful participation. Bob was a doer, not a spectator. He saw the good in everyone and everyone saw the good in him.

When Bob's recent illness slowed him down, he remained optimistic. Last November, at the Polish Arts Club Book and Art Fair, which he and Helen chaired for so many years, he was strong enough to attend. He arrived with his head covered with a scarf in his beloved Northwestern colors of purple and white and, of course, a big smile on his face. He moved around the room and greeted everyone. Nothing seemed to dampen his spirit.

Helen related that as recently as last week at the Barr Pavilion, Bob told her of his goals. First, to be home in two weeks and next, to be driving his car in four weeks.

Bob did meet his first goal. On Sunday, April 6, 1997, he did go to his "Eternal" home...to a home we are all destined to go. I have this joyful picture in my mind...as each of us arrives "Home", there will be Bob with his hand outstretched, lovingly greeting us with a kind word and a smile.

In memory of Bob, let us all go forward from this place today with a promise to show more compassion to our fellow man. Let each one of us extend our hand as Bob did in the true spirit of community so that when our life is over, it can be said of us...as it is said of Bob...his life made a difference.

He will be greatly missed by everyone, but his essence can be an inspiration to us forever. We release him to God and we will cherish his memory always.

Dear Richard.

Last days I found information about addresses those institutions wich may have something about members of our family. Those institutions are in Europe and in America. I send you few addresses, and I have a request: if you find some information about Jurkowski family send me together with informations about Porowski, Dibble, Dimett etc...

I will be trying to find something here in Erope. If you wont to know something more about Poland, Poles, and their history you should read the book „Boże Igrzysko" by Norman Davies (this is polish title - I don't know how to write in English) - your father knew this book very good. In my opinion you must read this book.

Well, take care dear Richard. I send you and your family the best greethings.

Krystyna

Warsaw, VI 18 1998

Dear Richard.

Thank you very much for letter. Thank you also for information about Helen. I didn't know this address. I wrote on her old address, so my letter came back. I am glad that her things are going well.

I have good news for you about looking for information concerning our family: I heard something about Mormon's Association. Probably they have information about died people and looking for such information within the framework of good action. I think you could try to look for contact with them. Maybe you will come across something concerning our ancestors. I haven't any addresses these Associations but I will be try to get contact with them here in Poland (as it is possible). If I find something interesting I will send you. For the time being I am optimist about that.

Dear Richard, we still looking for information about our family and if we will find something more we send you.

I check a table what you write and send me. I find one error: we know that Bartłomiej was founder of Porowski family in Nur; he had brother settled in Poznań; but we know nothing about Bartłomiej's mother and father.

The best wishes for you and your family. I look forward hearing from you.

Good Bye.

TO WHOM IT MAY CONCERN:

Mr. Richard Porowski has asked that I write a letter of recommendation concerning his performance as a teacher at Wheeling High School. It has been my pleasure to know Mr. Porowski since he joined our staff in the middle of the 1976-77 school year. He is currently employed part time as an art teacher and as staff artist. Because of declining enrollment and the problems associated therewith, Mr. Porowski will not be able to continue in employment in District 214 next year.

It has been a pleasure to work with Mr. Porowski over the last year and a half. He is a young man who is quite likeable and continuously impresses one with his willingness to expend whatever time and energy is required. He is untiring in his dedication and does not associate hours with accomplishment. Consequently, he is available after school and at other times when students require his time.

Mr. Porowski possesses a charisma which causes young people to like him and enjoy being in his presence. He is likeable both as a person and as a teacher. Any problems experienced as a new teacher were handled quite well, and I am pleased to say that he is now quite able to handle any situation which may arise. As a beginning teacher he learned fast and profited from the advise of others. High risk liability laboratory work (such as found in an art room) does not cause any concern for him. This young man is a talented individual who possesses an exceptional set of values that cause him to be received and well liked by all with whom he associates. He is very effective in working with parents as well as students. Other members of the staff enjoy working with him.

He is quite well accomplished in his own areas of artistic interest and is able to communicate enthusiasm to the students with whom he works. He is a warm individual who understands the sensitivities of others and is always able to adjust to any situation or expectation. Mr. Porowski is able to blend teaching and counseling together quite effectively.

Even though he is mild-mannered and does not possess a forceful personality, he is able to achieve success because of his many other outstanding traits and character-

istics. Mr. Porowski is sincere and hard working. I consider him as an asset to our staff and am sorry that he cannot continue. His contributions to our art program are noteworthy. Partly due to his influence the program grew.

I have enjoyed working with Mr. Porowski and sincerely feel that he has chosen the right profession. Hopefully he will be able to find a teaching position in art which will permit him to grow and mature even more as a member of the profession. I recommend him to any future employer as a candidate well worth considering.

Sincerely,

Thomas W. Shirley

COURSE NUMBER SUFFIXES

E	Experimental	L	Last half of session	X	Cross listed with another department
F	First half of session	S	Lab

EVALUATION OF CANDIDATE

It has been my pleasure to know Mr. Porowski since he joined our staff in the middle of the 1976-77 school year. He is currently employed part time as an art teacher, and as staff artist. Because of declining enrollment and the problems associated therewith, Mr. Porowski will not be able to continue in employment in District 214 next year.

It has been a pleasure to work with Mr. Porowski over the last year and a half. He is a young man who is quite likeable and continuously impresses one with his willingness to expend whatever time and energy is required. He is untiring in his dedication and does not associate hours with accomplishment. Consequently he is available after school and at other times when students require his time.

Porowski possesses a charisma which causes young people to like him and enjoy being in his presence. He is likeable both as a person and as a teacher. Any problems experienced as a new teacher were handled quite well, and I am pleased to say that he is now quite able to handle any situation which may arise. As a beginning teacher he learned fast and profited from the advice of others. High risk liability laboratory work (such as found in an art room) does not cause any concern for him. This young man is a talented individual who possesses an exceptional set of values that cause him to be received and well liked by all with whom he associates. He is very effective in working with parents as well as students. Other members of the staff enjoy working with him.

He is quite well accomplished in his own areas of artistic interest and is able to communicate enthusiasm to the students with whom he works. He is a warm individual who understands the sensitiviteness of others and is always able to adjust to any situation or expectation. Mr. Porowski is able to blend teaching and counseling together quite effectively. Even though he is mild mannered and does not possess a forceful personality, he is able to achieve success because of his many other outstanding traits and characteristics. Mr. Porowski is sincere and hard working. I consider him as an asset to our staff and am sorry that he cannot continue. His contributions to our art program are noteworthy. Partly due to his influence the program grew. I have enjoyed working with Mr. Porowski and sincerely feel that he has chosen the right profession. Hopefully he will be able to find a teaching position in art which will permit him to grow and mature even more as a member of the profession. I recommend him to any future employer as a candidate well worth considering.

Mr. Pirowski is a personable, somewhat quiet individual. He has become an excellent teacher in many respects. He was ambitious throughpatience and persistence. He had definite ideas, but was open to discussion and suggestion, being both flexible in his ability to adapt to different ideas, and selective in what he chose to do. He is a very proficient artist and understands a good variety of media and processes. He is also very interested in furthering his knowledge, asking questions, reading, and experimenting. Mr. Pirowski maintained an excellent working rapport with both students and faculty. He developed a confidence and ability to assert his direction and authority in a positive way. He learned pacing and ways of introducing lessons and techniques that showed an excellent insight into teaching methods and demonstrated an interest in furthering his education by his own initiative. I recommend Mr. Pirowski very highly, and feel that he will become an excellent teacher of art.

SUMMARIZING STATEMENTS: (Please comment on the student teacher as a person, an educator and a member of the profession. Please mention specific strengths and weaknesses as well as potential success as a teacher.)

Richard Porowski has been an extremely fine student teacher, and based on this fact, I firmly believe that he will make a very good teacher. Rich has worked hard and seriously at his teaching, striving to be as effective an educator as possible. Receptive to suggestions from myself and my colleagues and very honest in his self-evaluation, he has shown great improvement in his teaching. He has established with his students a relationship based on his respect for them and their work and, in turn, their respect for him as a person and a teacher. Rich has been very human in dealing with students, showing concern, warmth, and humor, while maintaining a very healthy control in the classroom. He has developed his ability to communicate with a class as a whole, and more importantly, has been extremely effective in dealing with students on an individual basis. This individual attention has been shown not only to exceptionally gifted students, but to all students regardless of their abilities.

Already a fine artist with knowledge in a great number of media, Rich, during his student teaching experience, has investigated more deeply several media including lithography, intaglio, jewelery, ceramics, and sculpture. He has used this new knowledge to broaden the experiences of his students.

On the basis of these facts, I strongly recommend Richard Porowski as a teacher.
