Porowski
Family Tree Book

The information contained here is a mix of all sorts of stuff: birth and death records, diplomas, grades, letters and family tree information for the Porowski family basically beginning with my paternal grandparents Peter and Mary Porowski, their kids Thaddeus (my dad) and Helen, and other relatives in the family. It also includes some information regarding Kathy and I, our birth certificates, wedding certificate, other things, and also records of our two darling girls, Christy and Kim.
