FROM DAN TO JOHN
DIMMETT FAMILY LETTER

San Francisco Nov 8 1863

Dear Brother

I received your kind letter and was happy to hear from you but sorry to hear that you was in such bad health. I had began to think that I was about forgotten by my friends at home. we are all quite well at present except Myra she is not in very good health at present but she is so as to be around. I would like to see that new sister of mine and that boy but I do not suppose I ever shall unless you bring them out here my boys are growing up fast I look at them sometimes and it makes me feel as if I was growing old.
Times are brisk with us here and have been so for the past year plenty to do about all of the time. I was up at Dock at Mare Island last week on a ship I had rather hard luck while I was gone some fellow went "through me" broke in to house while Myra had gone down town in the

afternoon and robbed me of one hundred dollars and got of Scot free it would be (a heap) of satisfaction to me if I only knew who got it but I donot suppose I ever shall. I think you would like this country much if you was here I like it much better than the eastern States one thing the war does not affect it in a great degree you have no idea what a great country California is going to be I would like to see you out here if you are going to turn Cowboy I think you could get a living easer here than you could at home. I hope that Father and mother are not getting along very well I do not know just what the mater is but it is very hard that two that have lived so long together should fall out now they have got so old I am sorry to hear it. John you want to know how I stand (on the Goose) I donot like a nigger any better than you but I go for "the Union right or wrong" I believe we all ought to stand by the flag we were born under. but they have turned this into a nigger war now and I have not got to say the less a person says the better

I suppose you would like to hear how all the boys are getting along and what they are doing I will what account of them I am able Lincoln Royal was in the mines the last I heard from him which was about one year ago I saw Ed Baker the other day he is driving a milk cart Bill Cushman is up at the Hay Yard also Chase and Gesham Fordell Leander Tripp is up to the mines. Bill Tompson is here he has been at work nearly all of the time since he got here That is all I can recollect at present There has been quite a number of whalemen in here this season then, some of them here now among them the Old Brunswick he do not get much out of them

With John I think I have done pretty well for this time considering this is only letter I have wrote for about a year so I think I shall have to bring it to a close Nancy sends her best respects to yourself and wife and all inquiring friends also myself, I dont send as a great many with inquiries for me all that do just tell them I am getting along "Niff" give my love to my sister Kate Father Mother and all hands and write as often as you can to

Your Only Brother

Dan

Dear Richard.

Thank you very much for letter. Thank you also for information about Helen. I didn't know this address. I wrote on her old address, so my letter came back. I am glad that her things are going well.

I have good news for you about looking for information concerning our family: I heard something about Mormon's Association. Probably they have information about died people and looking for such information within the framework of good action. I think you could try to look for contact with them. Maybe you will come across something concerning our ancestors. I haven't any addresses these Associations but I will be try to get contact with them here in Poland (as it is possible). If I find something interesting I will send you. For the time being I am optimist about that.

Dear Richard, we still looking for information about our family and if we will find something more we send you.

I check a table what you write and send me. I find one error: we know that Bartłomiej was founder of Porowski family in Nur; he had brother settled in Poznań; but we know nothing about Bartłomiej's mother and father.

The best wishes for you and your family. I look forward hearing from you.

Good Bye.

Dear Richard,

Warm thanks for your letter and your interest in the roots of our Family.The oldest history of the Porowskis had been sent long ago to your parents, by request of your father Thaddeus.He was interested very much indeed in our past.I also enclosed then our armour and detailed information.

The later history of the Family reflects that of Poland.Wars, partitions of the nation, displacements to Siberia, uprisings against the occupants, concentration camps in war time - all that didn't favour permanent stays in one place.The Poles wandered over the country evading conscription to foreign troops, looking for a new place after being expropriated etc.This is what makes searches after documents so difficult.If I succeed in finding any - I'll send you them.

Already for some time I've got busy with the history of our families (Porowski, Jurkowski).We are now writing with my cousin a book about the Jurkowski family (i.e. of my forbears).This work makes me fully realizing the dimensions of havoc in the present documentation on Polish families.I believe, you'll not be against offering a copy of our history to the National Library in Warsaw, for future scholars of the past of Polish families.Recently, there has been established a section dedicated to collection of information about Polish roots, families and persons of Polish mationality, to the purpose of supplementing the loss of documents.

In what concerns our Family, it has to be told, that Bartlomiej (Bartholomew) Porowski was not eager to tell much about himself.He arrived and settled at Nur as an already riper man (aged about 40-50), got married there and gained a considerable fortune. It is very difficult to get information about him.We are now searching after him with Christine in a parochial archive.I'll write you if we find anything.

As to Adam, you are right that he is quite busy now - in his 2nd year of postgraduate studies - hardly visible from behind of his books and documents.

According to Polish tradition you now head the American branch of the Porowski family.Of the younger generation it should be the oldest boy or girl in the family.The Polish branch is headed by Thaddeus, and among the youngers - George, son of Thaddeus and myself.

If you are interested in the details of life of the present Polish members of the Family, let me know it, and in the next letter I'll write you whatever I know.

I enclose the diagrams and data that I could gather until now.I judge myself to be at present the person most involved in this issue.Being already retired, I have more time to look after the family history than the others.You are then invited to ask me everything about the family matters.

I'm anxious abvout Helene, because I've got back my letter addressed as usual to her, marked "returned to sender".Could you tell me what's going on ?

With love from Christine and family

Subject: Welcome to the Sons of the American Revolution

Dear Compatriot Winters

Welcome to the Sons of the American Revolution. As you may know we were originally organized on the 4th of July 1876, in San Francisco, as the Sons of Revolutionary Sires. The current organization was incorporated in Connecticut on the 17th of January 1890, and the U.S. Congress officially chartered us on the 9th of June 1906. President Theodore Roosevelt signed the Charter.

Our basic aims are History, Patriotism and Education.

Much as our ancestors stood their ground at Lexington and Concord, endured the horrors of Valley Forge, and braved defeat after defeat, they persevered. Their rewards were the victory at Yorktown. In this day of political correctness, history revisionism, and a waning of patriotism, we too have an extremely important mission.

The SAR offers many different ways for us to promote our aims of History, Patriotism and Education. By becoming actively in Chapter Activities you have a chance to make a positive contribution. This is especially true in relationship to our various Youth Programs and Color Guard Activities. Spread the word about the positive attributes of the S.A.R. and recruit new members. By becoming active you will help further the cause of America Liberty and the Preservation of our precious heritage. Our inspiration is from the past – our hope is in the future.

Your membership certificate is being prepared, it will be signed by the President General, Secretary General, State President and State Secretary. Upon receipt, your Chapter will notify you, and will make a formal presentation at one of their forthcoming meetings.
